#### NOTES

The unaudited interim quarterly condensed financial statements are in compliance with International Financial Reporting Standards (IFRS) and have been prepared on the same basis as the accounting policies set out in the statutory financial statements of the Company for the year ended June 30, 2023, except for the adoption of published Standards and any amendments and Interpretations issued now effective. This communiqué is issued pursuant to DEM Rule 17 and the Securities Act 2005.

#### RESULTS & PROSPECTS

The turnover increased by 27% this quarter compared to last year, primarily driven by enhanced sales to non-residents, a result of targeted initiatives taken to boost that segment. Despite this growth, the total number of visitors is not yet on target and the increase in electricity and other overhead costs has offset these gains, resulting in a net loss of Rs 12.8 million for the quarter.

Looking ahead, strategic partnerships, special promotions and educational efforts will be leveraged to further increase sales, and cost containment measures will be simultaneously implemented.

We are confident that these strategies will enable the company to navigate the current challenges.
