The NAV per share at 31 December 2020 was USD 0.90 compared to USD 0.88 as at 30 September 2020. Accumulated losses are still negative due to the impairment loss on Goodwill of USD 6 million which was recognised in the previous financial year

#### 3. COMMENTARY

Whilst the Group operating profit decreased, the reported profit was mainly as a result of the fair value movement in the market value of its portfolio of investments and foreign exchange gains. The increase in respect of financial assets is mainly due to an improved performance in the market to which the portfolio is exposed to. Increased expenditure was incurred in investigating new market opportunities.

As at December, 2020, a great number of cases of Covid-19 virus had been reported to the World Health Organisation. 1,003,529 Following the widespread global outbreak of the virus, on March 11, 2020, the World Health Organisation declared the COVID-19 outbreak to be a pandemic. The identification of the virus post March 11, 2020 and its subsequent spread, is considered as an event with much uncertainty on the real impact world wide. There are meaningful direct and indirect effects developing 1.002.640 with companies across multiple industries across the world.

As at the date of this report, it is not possible to reliably estimate the full financial effect (if any) of the virus on the company's operations. The Board of Directors will continue to monitor the impact COVID-19 has on the Group and reflect the consequences as appropriate in the subsequent accounting and reporting periods.
