4. TRANSACTION

4.1. Background and purpose of the Transaction

Over the last few years, BlueLife has faced financial constraints and increased its level of indebtedness, due to the underperformance of its hospitality cluster and delays in delivering on real estate projects.

In this respect, BlueLife is seeking to strengthen its capital structure whilst also raising funds to finance new property development projects. In parallel, BlueLife will continue its asset disposal program started in August 2019 with the sale of Circle Square. A further MUR288m worth of assets were sold in 2020. Management have targeted MUR238m worth of asset sales over the next 12 months. The sale proceeds will be used to repay bank loans and provide seed funding for cornerstone property development projects.

The restructuring of the capital of BlueLife through the Rights Issue and the Bond Programme is critical for the continuity of its operations. BlueLife will be able to financially sustain its hospitality and real estate segments until the tourism industry in Mauritius recovers from the COVID-19 pandemic, and launch several earmarked property development projects at Azuri Ocean & Golf Village, namely:

- construction and sale of villas - Golf View Villas;
 - The project will consist of 8 serviced land and 8 villas.
- construction and sale of villas - Ennéa Residences;
 - The project will consist of 12 villas and 18 apartments on the golf course.
- construction and sale of villas - Amara Residences;
 - The project will consist of 26 villas and 16 apartments on the golf course.
- construction of a 9-hole Par 3 golf course with clubhouse and facilities.

The property development at Azuri Ocean & Golf Village is illustrated in the masterplan below:

The Directors of BlueLife are confident that the Rights Issue and the Bond Programme will place BlueLife in a better position to focus on the enhancement of shareholder value by unlocking the potential of its assets base.

No interest will be paid on monies received in respect of applications for Bonds and/or Excess Bonds. All refunds in respect of rejected applications shall be made by cheque/bank transfer, as soon as practicable after the offer period.

5.6. Bonds not subscribed for

Any Bond in respect of which no duly completed and signed application form(s) and/or relevant full payment have been received at the closing of subscription will be issued and allotted by the Board to applicants for Excess Bonds on a pro rata basis, based on a shareholder's existing shareholding on the Record Date.

After allocation of Bonds to meet applications for Excess Bonds, any remaining Excess Bonds will remain within the control of the Board, who will offer such remaining Excess Bonds at its sole discretion to third parties by way of private placement.

The Bond Programme will not be underwritten and no Bonds will be issued unless the minimum amount set out in the Applicable Pricing Supplement has been raised by BlueLife. If the minimum amount set out in the Applicable Pricing Supplement has not been raised, BlueLife will refund those shareholders who have subscribed to the Bonds.

5.7. Allotment of Bonds

The allotment of Bonds will be effected by the Allotment Date.

A letter of allotment will be sent by Agent to all subscribers confirming the number of Bonds allotted to them on or around after 7 days after the Allotment Date.

CDS account holders will have their respective accounts credited with the number of Bonds issued and allotted to them on or around after 7 days after the Allotment Date.

A Bond certificate will be sent by registered post to all subscribers who do not have a CDS account, on or around after 7 days after the Allotment Date.

6. TERMS AND CONDITIONS OF THE BOND PROGRAMME

The following are the Terms and Conditions of the Bonds to be issued by BlueLife under this Programme Memorandum and will be incorporated by reference into each Bond.

Each Bond shall be held subject to the Terms and Conditions, which Terms and Conditions shall be binding on the Issuer and each Bondholder.

6.1. Terms of the Bond Programme

6.1.1. Nature and amount

The Bond Programme will consist of the issue of up to 10,000 secured / unsecured Bonds (Security ID: TBC) at an issue price of MUR50,000 per Bond for an Aggregate Principal Amount of up to MUR500million and fully payable on application.

Shareholders of BlueLife registered at close of business on the Record date, shall have the right to subscribe for the pro rate share of the Bond based on their respective shareholding on that date. BlueLife will not issue fractional bonds. The number of Bonds to be issued to an Eligible Shareholder will be rounded to the nearest integer when fractions occur, PROVIDED THAT if the number of Bonds to be issued to an Eligible Shareholder is less than 1, the Issuer will issue 1 Bond to that Eligible Shareholder.

An Eligible Shareholder that is entitled to subscribe for more than 1 Bond can choose between bonds which are not secured by the Issuer ("Unsecured Bond(s)") and bonds where the Nominal Amount is guaranteed by the Obligor ("Secured Bond(s)") or any combination thereof.

An Eligible Shareholder that is entitled to subscribe for only 1 Bond must choose between an unsecured bond or a secured bond.

The Bond Programme will not be underwritten. No Bonds will be issued unless the minimum amount set out in the Applicable Pricing Supplement has been raised by BlueLife. If the minimum amount set out in the Applicable Pricing Supplement has not been raised, BlueLife will refund those shareholders who have subscribed to the Bonds.

Bonds issued under a Tranche may be listed and traded on the Official Market of the SEM as per the Applicable Pricing Supplement.

All the Bonds offered shall be in registered form and the register shall be kept by the Share Registry, Ocorian Corporate Administrators Limited. The Bonds shall be in either certificated or dematerialised form.

The Bondholders will not have any right of pre-emption attached to the Bonds and the Ordinary Shares upon conversion of the Bonds.

Where the Bondholders' Representative is appointed, the Bondholders are, by virtue of their subscription for or purchase of the Bonds, deemed to have notice of, and are entitled to the benefit of, and are subject to, all the provisions of the Bondholders' Representative Agency Agreement.

6.1.2. Issue Price

The Nominal Amount per Bond will be MUR50,000. The Issue Price of 100% of Nominal Amount will be payable in one instalment on the Offer Closing Date of each Tranche.

The Nominal Amount per Bond of MUR50,000 is based on the following pricing mechanism:

Price per Bond = Total aggregate nominal amount / Total number of Bonds

Where the Total aggregate nominal amount is MUR500,000,000

The Total number of Bonds is 10,000

6.1.3. Form of the Bonds

The Bondholders who do not own a CDS account will receive the bonds in certificated form.

Certificates shall be printed and issued to Bondholders and the issuance thereof will be recorded in the Register with the name, address and bank details of the registered Bondholder, Tranche name and Certificate number corresponding to that reflected on the Certificate. If such Bonds are transferred after the issue of such Bonds, rights of ownership will be transferred via entries in the Register and the corresponding existing Certificates will be cancelled and new Certificates will be issued.

For the Bondholders owning a CDS account, the legal ownership of the Bonds will, upon listing on the Official Market of the SEM, be reflected in book entries recorded by the CDS and such records shall constitute the definitive evidence of the title of the Bondholder to the number of Bonds shown in his CDS Account. Successful applicants for the Bonds will be issued with an allotment letter to confirm allotment of the Bonds subscribed for.

Upon admission to listing on the Official Market of the SEM, the Bonds will be credited to CDS accounts of Bondholders.

The Register of Bondholders will be kept by the Registrar.

The Issuer and the Registrar shall recognise a Bondholder as the sole and absolute owner of the Bonds registered in that Bondholder's name in the Register (notwithstanding any notice of change of ownership or writing thereon or notice of any previous loss or theft thereof) and shall not be bound to enter any trust in the Register or to take notice of or to accede to the execution of any trust (express, implied or constructive) to which the Bonds may be subject.

6.1.4. Status of the Bonds

The Bonds will either be (i) unsecured or (ii) secured pursuant to the Security Agreement, as specified in the Applicable Pricing Supplement.

6.1.5. Interest

6.1.5.1. Interest Rate

The Interest Rate of each Tranche will be set out in the Applicable Pricing Supplement.

6.1.5.2. Interest Payment Dates

Each Bond bears Interest on its outstanding Nominal Amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate, such Interest being payable in arrears on each Interest Payment Date up to the Maturity Date.

6.1.5.3. Calculation of Interest Amount

The Agent will calculate the Interest Amount as follows:

(Interest Rate) X (Nominal Amount) X (Day Count Fraction), rounded to the nearest cent.

For the purposes of any calculations of Interest required pursuant to these Terms and Conditions (unless otherwise specified), (i) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (ii) all figures shall be rounded to seven significant figures (with halves being rounded up) and (iii) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes, 'unit' means the lowest amount of the currency.

As soon as practicable after the Relevant Time on such Interest Determination Date as the Issuer may be required to calculate any rate or amount or make any determination or calculation, it shall determine such rate and calculate the Interest in respect of each specified denomination of the Bonds for the relevant Interest Period, calculate the Final Redemption Amount or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount to be notified to the Bondholders' Representative and the Bondholders, no later than the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 6.1.5, the Interest and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of

adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Bonds become due and payable under Condition 6.1.5, the accrued Interest and the Interest Rate payable in respect of the Bonds shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest so calculated need be made. The determination of any rate or amount and the making of each determination or calculation by the Issuer shall (in the absence of manifest error) be final and binding upon all parties.

6.1.6. Agent's decision to be final

All communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition by the Agent shall, in the absence of wilful deceit, bad faith, manifest error or any dispute, be binding on the Issuer, the Agent, the Bondholders' Representative and all Bondholders, and no liability to the Issuer or the Bondholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.1.7. Accrual of Interest

Each Bond will cease to bear interest (if any) from the date of its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will accrue at the Interest Rate until the date on which all amounts due in respect of such Bond have been paid.

Each Bond converted into ordinary shares on the relevant conversion date will also cease to bear interest.

6.1.8. Interest Deferral

- a. The Issuer may, on any Interest Payment Date, defer payment of interest in respect of the Bonds accrued in the Interest Period ending on the day immediately preceding such date. Any Interest not paid on such Interest Payment Date shall, so long as the same remains unpaid, constitute "**Arrears of Interest**". Interest will accrue on the amount of Arrears of Interest at the Default Interest Rate, and such amount of Interest (the "**Additional Interest Amount**") accrued up to any Interest Payment Date shall be added, for the purpose only of calculating the Additional Interest Amounts accruing thereafter, to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date.
- b. Without prejudice to the other provisions herein, any Arrears of Interest (together with all corresponding Additional Interest Amounts) may be paid in whole or in part at any time at the discretion of the Issuer and in any event will become due and payable in whole but not in part upon the earliest of:
 - I. the next Interest Payment Date;
 - II. the date on which an order is made by any competent court or a resolution is passed for the liquidation, winding-up, conservatorship, receivership, dissolution or administration of the Issuer, whether provisionally (and not dismissed or withdrawn within thirty (30) days thereof) or finally;
 - III. the Early Redemption;
 - IV. the Conversion Date; or
 - V. the Maturity Date.

6.1.9. Conversion into Ordinary Shares

Subject as hereinafter provided, the Bondholders will have the right to convert their Bonds into Shares (the "Conversion Right") on any Conversion Date(s).

The number of Shares to be delivered on conversion of one (1) Convertible Bond will be determined by applying the following formula: $P / [VWAP \times (1 - \text{Discount factor})]$ where:

- **VWAP** is equal to the Volume Weighted Average Price of the Shares listed on the Official List of the SEM for the 90 days period preceding the Conversion Date;
- **P** is equal to the Nominal Amount.

The discount factor has been set at 30%.

The Issuer will not issue any fraction of a Share upon the exercise of the Conversion Right.

If more than one (1) Convertible Bond held by a Bondholder is converted at any one time by that Bondholder, the number of Shares that will be issued upon the exercise of the Conversion Right with respect to those Convertible Bonds will be calculated on the basis of the Aggregate Nominal Amount of the Convertible Bonds to be converted and rounded down to the nearest whole number of Shares.

The Issuer will pay Bondholders in cash for the value of any fraction of a Share to which they may be entitled upon Conversion.

Upon the exercise of the Conversion Right in relation to any Bond and the fulfilment by the Issuer of all its obligations in respect thereof, the Bond will be cancelled, the relevant Bondholder will have no further rights in respect of such Bond and the obligations of the Issuer in respect thereof will be extinguished.

To exercise the Conversion Right, the Bondholder must complete, execute and deposit at its own expense during normal business hours at the Registered Office the Conversion Notice duly executed and completed in duplicate in the form obtainable from the Registered Office.

The Conversion Notice must specify:

- 1) The number of Bonds to be converted into Shares;
- 2) The securities account number of the Bondholder (if applicable) or if the Bondholder does not have a securities account, a mailing address to which the Issuer must send the notice of issue of Shares; and
- 3) The relevant Conversion Date.

The Conversion Notice will be irrevocable once it is delivered to the Issuer unless the Issuer consents to its withdrawal in writing.

As soon as practicable, and in any event not later than three Trading Days after the Conversion Date, the Issuer will, in respect of Convertible Bonds that have been the subject matter of a duly completed and executed Conversion Notice delivered to the Issuer:

- 1) Instruct the CDS to credit the securities account of the Bondholder; and
- 2) If the Bondholder does not have a CDS account, make available for collection at the Registered Office or, if required in the relevant Conversion Notice, mail (at the risk of the Bondholder) the relevant notice(s) of issue of Shares to the Bondholder.

If the Conversion Date in respect of a Convertible Bond falls during a period in which the register of shareholders of the Issuer is closed generally or for the purpose of establishing entitlement to any dividend, distribution or other rights attaching to the Shares (a "Book Closure Period"), the Issuer will issue the Shares on the first Trading Day after the expiry of the Book Closure Period.

The Shares issued upon a Conversion will in all respects rank pari passu with the Shares in issue prior to that Conversion Date.

If a Bond is registered in the name of more than one Bondholder, the Conversion Right must be exercised by the Senior Bondholder.

6.1.10. Redemption

6.1.10.1.Redemption

Unless previously cancelled as provided below, each Bond shall be finally redeemed on the Maturity Date at the Final Redemption Amount.

No early redemption will be allowed.

6.1.10.2.Payment of redemption proceeds

Redemption proceeds will be paid in accordance with Condition 6.1.11 below.

6.1.11. Payments

All payments in relation to the Bonds will be made in MUR. Payments of principal and/or interest shall be made to the registered holder of such Bond, as set forth in the Register.

For Bondholders who do not own a CDS account, payments of the relevant Final Redemption Amount in respect of the Bonds shall be made subject to presentation and surrender of the relevant Certificates at the specified office of the Registrar.

All payments of Nominal Amount and Interest in respect of the Bonds are subject in all cases to the laws of Mauritius, fiscal or otherwise in the place of payment, but without prejudice to the provisions of Condition 6.1.13. No commissions or expenses shall be charged to the Bondholders in respect of such payments.

Interest payments shall be credited as per prevailing instructions on the account provided by the Bondholder.

In the case of joint Bondholders, payment by electronic funds transfer will be made to the bank account of the Bondholder as specified in the CDS account or the application form and the Issuer will, under no circumstances, be required to verify the beneficiary of such bank account. Payment by electronic transfer to the bank account specified in the CDS account or application form shall discharge the Issuer of its relevant payment obligations under the Bonds.

Any reference in these Terms and Conditions to principal in respect of the Bonds shall include, as applicable:

- a) the Final Redemption Amount of the Bonds; and
- b) any other amounts which may be payable under or in respect of the Bonds as specified in the Applicable Pricing Supplement, but excluding for the avoidance of doubt, any Interest Amounts and Additional Interest Amounts (if any).

6.1.12. Exclusion of Rights

Bondholders have:

- a) no claim against the Issuer except as expressly set out in this Programme Memorandum;
- b) no right to participate in the issue of any shares or any other securities of any kind of the Issuer in their capacity as Bondholders; and
- c) no right to receive notice of or vote at any meeting of shareholders of the Issuer.

6.1.13. Taxation

All payments in respect of the Bonds will be made without withholding or deducting for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("Taxes") imposed or levied by, or on behalf of Mauritius, (or any political subdivision of) or any authority in, or of, Mauritius having power to tax, unless such withholding or deduction of Taxes is required by the laws of Mauritius.

6.1.14. Events of Default

An Event of Default shall arise if any one or more of the following events shall have occurred and be continuing:

- (a) the Issuer or an Obligor is in default in the performance, or is otherwise in breach of, any representation, warranty, covenant, obligation, undertaking or other agreement under the Affected Bonds or, where applicable, the Bondholders' Representative Agency Agreement, the Agency Agreement or a Security Agreement;
- (b) except in case of interest deferral pursuant to Condition 6.1.8., the failure by the Issuer to pay two (2) consecutive Interest Payments within 10 Business Days from their due dates in respect of any of the Bonds;
- (c) the failure by the Issuer to pay any Additional Interest Amount and Arrears of Interest within 10 Business Days from their due dates in respect of any of the Bonds;
- (d) the failure by the Issuer to pay the Final Redemption Amount within 10 Business Days from its due date in respect of any of the Bonds; or
- (e) the granting of an order by any competent court or authority for the liquidation, winding-up, conservatorship, receivership, dissolution or administration of the Issuer, whether provisionally (and not dismissed or withdrawn within thirty (30) days thereof) or finally, or the placing of the

Issuer under voluntary liquidation and the facing of other insolvency proceedings, provided that no such proceedings shall constitute an Event of Default if any of such proceedings is for the purpose of effecting an amalgamation, merger, demerger, consolidation, reorganization or other similar arrangement;

- (f) the Issuer makes or threatens to make any substantial change in the principal nature of its Business as presently conducted which is (in the reasonable opinion of the Bondholder(s) or the Bondholders' Representative, as applicable) materially prejudicial to the interests of the Bondholders.

An Event of Default is continuing if it has not been remedied within thirty (30) days (or such other extended period as approved by the Bondholders' Representative in writing) of occurrence of such Event of Default. If the Issuer becomes aware of the occurrence of any Event of Default, the Issuer shall forthwith notify the Bondholders' Representative.

Upon the occurrence of an Event of Default and receipt by the Issuer of a written notice from the Bondholders' Representative declaring Bonds held by the relevant Bondholder to be forthwith due and payable in, such Bonds shall become forthwith due and payable at the Early Redemption Amount or the Final Redemption Amount to the date of payment.

6.1.15. Treatment of unclaimed money

In relation to any Final Redemption Amount, where after five 5 years from the date of redemption of the Bonds, any payment of such amounts (plus Arrears of Interest if any) has not been claimed, such redemption proceeds will revert to the Issuer and the relevant Bondholders shall have no right whatsoever thereto. In relation to any Interest Amount (including any Arrears of Interest), where after three 3 years from the relevant Interest Payment Date, any such amounts have not been claimed, those amounts will revert to the Issuer and the relevant Bondholders shall have no right whatsoever thereto.

6.1.16. Transfer and Transmission of Bonds

Subject to the terms of the Agency Agreement, transfers of Bonds that are to be listed on the SEM will be effected through the Automatic Trading System in accordance with the trading procedures established by SEM.

No Bondholder may require the transfer of a listed Bond to be registered where the Bond has not been fully paid.

6.1.17. Register

The Register of Bondholders shall:

- a) be kept at the registered office of the Agent or such other person as may be appointed for the time being by the Issuer to maintain the Register;
- b) reflect the number of Bonds issued to such Bondholders;
- c) contain the name and the address of the Bondholders;
- d) set out the Nominal Amount of the Bonds issued to such Bondholders and shall show the date of such issue; and
- e) be open for inspection, subject to a written notice of seventy-two (72) hours during the normal business hours of the Issuer, to any Bondholder or any person authorised in writing by any Bondholder.

The Agent shall:

- a) not be obliged to record any transfer while the Register is closed; and
- b) not to be bound to enter any trust into the Register or to take notice of any, or to accede to any trust executed, whether express or implied, to which any Bond may be subject.

Except as provided for in these Terms and Conditions or as required by law, in respect of Bonds, the Issuer will only recognise a Bondholder as the owner of the Bonds registered in that Bondholder's name as per the Register.

6.1.18. Agent/ Registrar

The Issuer is entitled to vary or terminate the appointment of the Agent and/or appoint additional or other agents and/or approve any change in the specified office through which any such agent acts on the terms of the Agency Agreement, provided that there will at all times be an Agent with an office in such place as may be required by the Applicable Procedures. The Agent does not assume any obligation towards or relationship of agency or trust for or with any Bondholders.

To the extent that the Issuer acts as the Agent, all references in these Terms and Conditions to:

- a) any action, conduct or functions in such role shall be understood to mean that the Issuer shall perform such action, conduct or function itself; and
- b) requirements for consultation, indemnification by or of, payment by or to, delivery by or to, notice by or to, consent by or to or agreement between the Issuer and such Agent shall be disregarded to the extent that the Issuer performs such role.

6.1.19. Notices

All notices to be given pursuant to this Programme Memorandum shall be in writing.

Notices will be sent by email to all Bondholders who (i) have provided an email address and/or (ii) who have an email address associated with his CDS account or in the application form. Prospective Investors are informed that following allotment and crediting of the Bonds to CDS accounts, the email addresses associated with the CDS account or in the application form provided by a Bondholder will be used for the purposes of this Condition.

All notices to Bondholders shall be sent by courier, by email or delivered by hand, to the addresses appearing in the relevant CDS accounts or in the application form for bondholder holding a bond certificate.

A notice to be given by any Bondholder to the Issuer shall be in writing and given by lodging (either by hand delivery or simple courier or posting by registered mail) that notice at the office of the Agent.

Notices given by registered mail or delivered shall be deemed to have been given on the seventh day after the day on which it is mailed and on the day of delivery if delivered.

Notices given by email shall be deemed duly served, if sent during normal business hours, then at the time of transmission and, if sent outside normal business hours, then on the next following Business Day.

6.1.20. Modification

No modification of these Terms and Conditions may be effected without the written agreement of the Issuer.

The Issuer may effect, without the consent of Bondholders but subject to a seven (7) days prior written notice to the Bondholders' Representative, any modification of the Terms and Conditions which does not affect the rights of, or creates obligations on, the existing Bondholders or modification of a formal, minor or technical nature or is made to correct a manifest error or made to comply with the Applicable Procedures, or to comply with provisions of the law of the jurisdiction in which the Issuer is incorporated and the governing law in accordance with which the Bonds are issued. Any such modification shall be binding on the Bondholders and any such modification shall be notified to the Bondholders.

No modification of these Terms and Conditions may be effected unless made in writing and signed by or on behalf of the Issuer and by the Bondholders' Representative after the sanction of an ordinary resolution of the Bondholders approving such modifications.

6.1.21. Certificates

A Bondholder, who does not own a CDS account, shall be entitled to receive a Certificate evidencing the Bonds transferred to that Bondholder within seven (7) days after the registration of that transfer in accordance with Condition 6.1.19 (and which will apply mutatis mutandis to such Certificate), provided that joint Bondholders shall be entitled to receive only one certificate in respect of that joint holding, and delivery to one of those Bondholders shall be delivery to all of them.

If a Certificate is worn out or defaced then, within fourteen (14) days of its presentation to the

Registrar, the Registrar shall cancel that Certificate and issue a new Certificate in its place.

If a Certificate is lost or destroyed then upon proof thereof to the satisfaction of the Registrar, a new Certificate may be issued to the person entitled to that lost or destroyed Certificate, provided that an indemnity is provided by the Bondholder to the Registrar and the Issuer. The person providing the indemnity and the form of the indemnity shall be to the satisfaction of the Issuer and the Registrar. The new Certificate shall be issued within fourteen (14) days from the date that the conditions precedent to issuing such Certificate have been fulfilled.

Any entry as to the issue of a new Certificate and indemnity (if any) shall be made in the Register upon the date of issue of the new Certificate.

Certificates shall be provided where relevant by the Issuer without charge, save as otherwise provided in these Terms and Conditions. The costs and expenses of delivery of Certificates otherwise than by ordinary post (if any) and, if the Issuer shall so require, taxes or governmental charges or insurance charges that may be imposed in relation to such mode of delivery shall be borne by the Bondholder.

6.1.22. Warranties

The Issuer hereby certifies and warrants that all acts and conditions required to be done and performed and to have happened prior to the creation and issuance of each Bond and to constitute the same as the legal, valid and binding obligations of the Issuer enforceable in accordance with their terms, if any, have been done and performed and have happened in due compliance with the laws of Mauritius.

6.1.23. Governing law and jurisdiction

This Programme Memorandum, the Terms and Conditions and the Bonds will be governed by, and construed in accordance with the laws of Mauritius.

6.1.24. Amendment of these terms and conditions

These Terms and Conditions set out all the rights and obligations relating to the Bonds and, subject to the further provisions of this Condition 6.1.24, no addition, variation or consensual cancellation of these Conditions shall be of any force or effect unless reduced to writing and signed by or on behalf of the Issuer.

These Terms and Conditions may be amended by the Issuer without the consent of the Bondholders for the purpose of curing any ambiguity or of curing, correcting or supplementing and defective provision contained therein, provided that the interests of the Bondholders are not prejudiced by any such amendment.

The Issuer may, with the prior sanction of a Special Resolution of the Bondholders, amend these Conditions, provided that no such amendment shall be of any force or effect unless notice of intention to make such amendment shall have been given to all Bondholders in terms of Condition 6.1.24 above and provided further that any amendment made pursuant to this condition above shall not affect the rights and obligations of the Bondholders (each an 'Interested Bondholder') and the Issuer pursuant to Bond issues made before the amendments come into force except if the Interested Bondholders have expressly consented to such amendment by a Special Resolution of the Interested Bondholders.

6.1.25. Meetings of Bondholders and Bondholders' representative

6.1.25.1. The provisions of this Condition 6.1.25 shall apply mutatis mutandis to the calling and conduct of meetings of any Tranches of Bonds, or class of Bondholders, as the case may be.

6.1.25.2. Meeting of Bondholders if no Bondholders' Representative is appointed

The Issuer may, on its own or at the request of a Bondholder, at any time convene a meeting of the Bondholders of any Tranches of Bonds, provided that prior written notice of at least fourteen (14) days is given to such Bondholders. Notice shall be given in terms of Condition 6.1.19. above. Such notice shall specify the date, place and time of the meeting to be held (which place shall be in Mauritius) and the general nature of the business to be transacted but it shall not be necessary (except in the case of a Special Resolution) to specify in the notice the terms of any resolution to be proposed. The accidental omission to give notice to or the non-receipt of notice by any of the Bondholders shall not invalidate the proceedings at any meeting.

A director or duly appointed representative of the Issuer may attend and speak at a meeting of Bondholders, but shall not be entitled to vote, other than as a proxy or representative of a Bondholder.

At any meeting either (i) at least Bondholders present in person or by proxy and representing in the aggregate not less than one third of the Nominal Amount of Bonds outstanding shall form a quorum for the transaction of business to be approved by an Ordinary Resolution, or (ii) at least Bondholders present in person or by proxy and representing in the aggregate not less than fifty decimal one (50.1) percent of the Nominal Amount of the Bonds outstanding shall form a quorum for the transaction of business to be approved by a Special Resolution. No business (other than choosing a chairman) shall be transacted at any meeting unless the requisite quorum is present at the commencement of business.

If within thirty (30) minutes from the time appointed for the meeting a quorum is not present, the meeting, if convened on the requisition of Bondholders shall be dissolved. In any other case, it shall stand adjourned to such day and time being not less than fourteen (14) days nor more than twenty-eight (28) days thereafter and to such place as may be appointed by the Issuer, and at such adjourned meeting such persons being Bondholders present in person or by proxy or representing in the aggregate one third of the Nominal Amount of the Bonds outstanding shall be a quorum for the transaction of business. Notice of any adjourned meeting of Bondholders shall be given in the same manner as for an original meeting. The notice shall state that any persons being Bondholders present in person or by proxy and representing in the aggregate one third of the Nominal Amount of the Bonds outstanding at the adjourned meeting will form a quorum, whatever the amount of Bonds held or represented by them.

The Bondholders present shall choose one of their number to be the chairman.

With the consent of any meeting at which a quorum is present, the chairman may, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place.

At any meeting a resolution put to the vote of the meeting shall be decided on a show of hands, unless (before or on the declaration of the result of the show of hands) a poll is demanded by the chairman or by one (1) or more Bondholders present in person or by proxy or representing at least five (5) percent of the Aggregate Nominal Amount of the Bonds. Unless a poll is so demanded, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or not carried by a particular majority or lost shall be conclusive evidence of the fact, without proof of the number or proportion of the votes recorded in favour of or against such resolution.

If a poll is duly demanded, it shall be taken in such manner as the chairman may direct and the result of a poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

In the case of an equality of votes, whether on a show of hands or on a poll, the chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Bondholder.

A poll demanded on the election of a chairman or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such time and place as the chairman directs.

The demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded. The demand for a poll may be withdrawn.

At any meeting:

- i. on a show of hands every person who is present in person and who is a Bondholder or is a proxy shall have one (1) vote in respect of the Bonds held by him or in respect of which he is a proxy; and
- ii. on a poll every person who is so present shall have one (1) vote for each Bond held by him or in respect of which he is a proxy.

Without prejudice to the obligations of proxies any person entitled to more than one (1) vote need not use all his votes or cast all the votes to which he is entitled in the same way.

On a poll, votes may be given either personally or by proxy.

The instrument appointing a proxy shall be in such form as the Issuer may approve and shall be in writing under the hand of the appointer or of his attorney duly authorised in writing or, if the appointer is a corporation either under its common seal or under the hand of an officer or attorney duly authorised and that instrument shall be deemed to confer authority to demand or join in demanding a poll. A person appointed to act as a proxy need not be a Bondholder.

Each instrument appointing a proxy and the power of attorney or other authority (if any) under which it is signed (or a notarially certified copy of such power or authority) shall be deposited at the registered office of the Issuer not less than forty-eight (48) hours before the time appointed for holding the meeting or adjourned meeting or for the taking of the poll at which the person named in the instrument proposes to vote. In default, the instrument of proxy shall not be treated as valid. No instrument appointing a proxy shall be valid after the expiry of twelve (12) months from the date of its execution.

All decisions at a meeting of the Bondholders shall be by Ordinary Resolution, unless otherwise specified in the Terms and Conditions. An Ordinary Resolution or a Special Resolution passed at a meeting of the Bondholders duly convened and held in accordance with this Condition 6.1.25 shall be binding on all the Bondholders, whether or not present at the meeting. Each of the Bondholders shall be bound to give effect to it accordingly.

Minutes of all resolutions and proceedings at every meeting shall be made and duly entered in books to be from time to time provided for that purpose by the Issuer. Financial year ended 30 June 2020

The financial performance for the financial year ended 30 June 2020 was impacted by the disruption caused by the Covid-19 pandemic with the closure of borders impacting severely the Group's two main segments of business, which are hospitality and property development.

The Group registered operational losses of MUR156.2m for the year ended 30 June 2020 as compared with restated losses of MUR54.8m for last year. Hotels forming part of the Group did not derive revenue since 19 March 2020 and the hotel cluster registered a significant MUR109.5M drop in its turnover and MUR77.1m drop in reported gross profit. BlueLife did not receive any revenue from its property development cluster for the 2019-2020 financial period. The recognition of the revenue from sale of properties to the income statement will only start when the Group breaks ground on construction. In the course of this financial year, the HomeScene building in Circle Square and the 8th floor in Harbour Front Building were sold and the proceeds from the sale have been mainly used to reduce the Group's bank debts and support the Group's working capital needs.

As a consequence of this current crisis on BlueLife's business, BlueLife has carried out impairment tests. At Group level, provision for bad debts and expected credit losses, mainly for the hotel cluster, are reflected under the item 'Administration Expenses' and explain the upsurge in 2019-2020. The Group results were also impacted by the fair value decrease of investment properties for MUR 10.8m to which shall be added MUR32m from discontinued activities.

The reduction in the net asset value of BlueLife's subsidiaries forced BlueLife to make provision for bad debts and expected credit losses under the item 'Administration Expenses' and impairment of MUR119.6m in the value of its investment in subsidiaries.

Financial costs of MUR88m have been incurred for the year ended 30 June 2020. With the prevailing difficult conditions in 2019-2020, BlueLife has not been able to reduce its financial costs as initially anticipated. We continue our efforts towards the sale of non-core assets aiming to continuously lower the Group's indebtedness and the financial costs' burden even further.

All the above contributed to losses for the Group of MUR274.2m for the year ended 30 June 2020 as compared to MUR211.5m restated for last financial year.

At year end, the Group's total assets and net assets stood at MUR3.70bn and MUR1.85bn respectively (2019 restated: MUR4.05bn and MUR2.11bn). Net asset per share was MUR2.88 as at 30 June 2020 as compared with MUR3.30 as at 30 June 2019.

Eight months ended 28 February 2021

The eight-month period ended 28 February 2021 continued to reflect the severe impact of the Covid-19 outbreak on the Group results with a significant drop in its revenue and gross profit and reached MUR119.7m and MUR55.9m respectively. Its hospitality cluster was the main contributor to the Group losses although there was strong focus on collection of debtors, which led to the partial reversal of provision for bad debts accounted at the end of the last audited year. The Group has continued the cost curtailing endeavours that were put in place since last year.

Finance costs decreased compared to last financial year, resulting from the reduction in borrowings and a fall in the prevailing interest rates.

At 28 February 2021, the Group total assets and net assets stood at MUR3.56Bn and MUR1.75Bn respectively (June 2020: MUR3.70Bn and MUR1.85Bn). As a result of the change in net assets, net assets per share stands at MUR2.68.

9.2. Trading prospects for the year ending 30 June 2021

The dramatic spread of the COVID-19 pandemic continues to disrupt lives, livelihoods and businesses. It is not easy to anticipate the date at which hotels forming part of the Group will be able to welcome tourists at levels they were achieving before the outbreak. On our property cluster's side, BlueLife continues to address a number of leads received but buyers need to be able to travel free and visit before engaging into the purchase of a property in Mauritius. Management is working hard towards safeguarding our assets and businesses but the financial year to come will remain a challenge in terms of revenue and profits.

BlueLife will continue to favour cash generation with the sale of non-core assets and will focus on the implementation of property development projects. The sale of Circle Square is nearly completed, and BlueLife continues its effort to sell assets earmarked for sale which management hopes to conclude during the course of this financial year.

The construction of the golf estate and its residential components is planned to start in the course of this financial year and the Group's results will be positively impacted with the profit on disposal of inventory for sale on a percentage completion basis.

BlueLife has also applied for a Smart City Certificate for its Azuri estate development.

The Directors approved a budgeted circa. MUR7,000,000 representing professional fees in respect of a master planning exercise for the earmarked property development and the Smart City Certificate application.

The current risk in respect of residential sales is on the high side since we are in an off-plan sales phase. All built units have been sold and the high risk is attributable to the need of reaching sales levels which allow the launching of the various Azuri residential components. At this stage, we rely largely on the ability of design and concepts to be attractive, the right range and pricing of products as well as performing sales team and channels. Property is amongst the hardest hit sector as a significant portion of our clientele is not able to travel and conclude their buying in Mauritius. This could further delay our PDS type products. The outbreak of the virus disrupted supply chains, closed hotels and resulted in quarantines across the globe. In Mauritius the country's borders remained closed for tourists' arrivals from 16 March to 1 October 2020 resulting in the total absence of tourists. Since re-opening with a forced 15 days quarantine, tourists do not yet rush at our borders. Tourism was one of the first sectors to be deeply impacted by the pandemic, the sector also risks being among one of the last to recover, with the ongoing travel restrictions and the looming global recession. The outlook for recovery is extraordinarily uncertain, as the coronavirus (COVID-19) pandemic continues to heavily hit the sector.

At the current stage of development of Rive Droite and other new offers, where the sales are carried out at off plans per set designs, there is a risk linked to the alignment of the product to the market and potential need to review the product in case of slow sales process. In addition, while contracts must still be negotiated with contractors/suppliers and selling prices are fixed based on cost plans, there is a risk of construction costs increasing beyond contingencies. Note: According to the Auditors, the above risk factors indicate the existence of a material uncertainty around the Company's ability to continue as a going concern and, therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business. The Company and certain subsidiaries therefore continue to rely on the continuing support of its shareholders and on the following measures: renegotiation of the existing bank facilities, applying for Support and Relief funding for the Azuri hotel and expecting to complete the sale of certain assets by 30th of September 2021. Any future funding gap will be filled by funds raised through the Rights Issue and the Bond Programme. Please refer to section 16.2 on pages 62-63 for more details.

10.2. Risks related to the Bonds

Credit Risk

The Bonds bear the credit risk of the Issuer. Investors should be aware that they may incur losses should the Issuer fail to satisfy the terms of its obligation to making timely principal and interest payments.

Deferral of interest

Any actual or anticipated deferral of interest payments will likely have an adverse effect on the market price of the Bonds. As a result of the interest deferral provision of the Bonds set out in Condition 6.6, the market price of the Bonds may be more volatile than the market price of other debt securities on which interest accrues that are not subject to such deferral and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Interest Rate Risk

The rate of interest applicable to the Bonds are fixed. Should the Repo Rate increase in the future, this would have an adverse effect on the Bondholders.

No active trading market for the Bonds

If the Bonds are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. It will also not be possible to redeem the Bonds prior to their Maturity Date. Consequently, an investor in the Bonds must be prepared to hold the Bonds until their Maturity Date. There is no assurance as to the development or liquidity of any trading market for the Bonds.

Meeting of Bondholders and modification

The Terms and Conditions contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority. In addition, the Issuer may, in accordance with this Programme Memorandum, make any modification to the Bonds and to the Terms and Conditions.

Amendment or review to prevailing laws

This Programme Memorandum, the Bonds and the Terms and Conditions, are governed by, and will be construed in accordance with, the laws of Mauritius. No assurance can be given as to the impact of any possible judicial decision or amendment and, or review of the laws of Mauritius or administrative practice in Mauritius after the issue.

The Bonds may not be a suitable investment for all investors

Each prospective investor in the Bonds must determine the suitability of the investment in light of its own circumstances. In particular, each prospective investor should:

- a) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Programme Memorandum;
- b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such an investment will have on its overall investment portfolio;
- c) have sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where principal or interest payable is different from the currency in which the prospective investor's activities are principally denominated;
- d) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and

- e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

10.3. Risks related to the structure of the particular issue of Bonds

Set out below is a description of certain specific features of the Bonds which a prospective investor should note:

Both the unsecured Bonds and the secured Bonds will constitute unsecured debt obligations of the Issuer. In the event the Issuer faces Insolvency Proceedings, the Issuer will be required to pay secured creditors in full before it can make any payments on the Bonds. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Bonds.

The secured Bonds will be guaranteed by a third-party Obligor, pursuant to the Security Agreement, as set out in the Applicable Pricing Supplement.

10.3.1. General Considerations

Risk factors relating to Real Estate

The proceeds from the Issue are being raised to finance, amongst others, the pipeline property projects of BlueLife. Although the transaction has been structured to mitigate the risks inherent to the hospitality industry, a slowdown could affect the receipt of proceeds by BlueLife from its projects. BlueLife will be exposed to the risks inherent to these sectors. Typically, these risks relate to the general economy and BlueLife's ability to sell the property units.

Force majeure

An event of force majeure is an event which is not within the control of the party affected, which that party is unable to prevent, avoid or remove and shall include war and acts of terrorism, riot and disorders, natural catastrophes and others. Force majeure events do not include economic downturn, non-availability or insufficient or lack of financing on the part of the Issuer. The occurrence of a force majeure event may have a material impact on the Issuer's business.

COVID 19 Risk

With the current pandemic affecting Mauritius and the world, BlueLife is exposed to the closure of Mauritian frontiers and the lack of tourists for its hotel operations. The pandemic is also affecting the Mauritian economy and the purchase power of potential property investors.

14. EXTRACTS OF CONSTITUTION

The clauses below relate to the relevant sections of the Company's Constitution in relation to the rights attached to the Ordinary Shares.

7.2. The board may issue Shares

- a) Subject to the Act, this Constitution and the terms of issue of any existing Shares, the Board may issue Shares (and rights or options to acquire Shares) of any Class at any time, to any person and in such numbers as the Board thinks fit.
- b) Notwithstanding section 55 of the Act and unless the terms of issue of any Class of Shares specifically provide otherwise, the Board may, if authorised by the Shareholders by Ordinary Resolution, issue Shares that rank (as to voting, Distribution or otherwise) equally with or in priority to, or in subordination to the existing Shares without any requirement that the Shares be first offered to existing Shareholders.
- c) If the Board issue Shares which do not carry voting rights, the words "non-voting" shall appear in the designation of such Shares, and if the Board issue Shares with different voting rights, the designation of each Class of Shares, other than those with most favourable voting rights, shall include the words "restricted voting" or "limited voting".

7.3. Consideration for issue of Shares

- a) Subject to clause 7.3(b) before the Board issues Shares, other than shares issued upon incorporation, it must:
 - i. determine the amount of the consideration for which the Shares will be issued and the terms on which they will be issued.
 - ii. if the Shares are to be issued for consideration other than cash, determine the reasonable present value of the consideration for the issue and ensure that the present value of that consideration is fair and reasonable to the Company and all its existing shareholders, and is not less than the amount to be credited in respect of the Shares; and a director shall issue a certificate to that effect;
 - iii. ensure that, in its opinion, the consideration for the Shares and their terms of issue are fair and reasonable to the Company and to all existing Shareholders.
- b) Clause 7.3(a) shall not apply to the issue of Shares on the conversion of any convertible securities, or the exercise of any option to acquire Shares in the Company.

7.6. Shares issued in lieu of Dividend

The Board may issue Shares to any Shareholders who have agreed to accept the issue of Shares, wholly or partly, in lieu of a proposed dividend or proposed future dividends provided that:

- c) the Shareholders to whom the right is offered are afforded a reasonable opportunity of accepting it;

7.7. Variation in Rights

- a) If, at any time, the share capital of the Company is divided into different Classes, the Company shall not take any action which varies the rights attached to a Class of Shares unless that variation is approved by a Special Resolution or by consent in Writing of the holders of seventy five (75) percent of the Shares of that Class; All the provisions of the Constitution relating to meetings of Shareholders shall apply "mutatis mutandis" to such a meeting provided however that the necessary quorum shall be the holders of at least one third of the issued Shares of that Class (but so that if, at any adjourned meeting of such holders, a quorum is not present, those Shareholders who are present shall constitute a quorum).
- b) Where the variation of rights attached to a Class of Shares is approved under clause 7.7(a) and the Company becomes entitled to take the action concerned, the holder of a Share of that Class who did not consent to or cast any votes in favour of the resolution for the variation, may apply to the Court for an order under Section 178 of the Act, or may require the Company to purchase those Shares in accordance with Section 108 of the Act. For the purposes of this clause, "variation" shall include abrogation and the expression "varied" shall be construed accordingly.

 - i. diminishing the proportion of the total votes exercisable at a Meeting by the holders of the existing Shares of a Class; or
 - ii. reducing the proportion of the dividends or distributions payable at any times to the holders of the existing Shares of a Class, shall be deemed to be a variation of the rights of that Class.

- b) A transfer of the Share, debenture or other interest of a deceased Shareholder made by his heir or by the curator appointed under the Curatelle Act shall, subject to any enactment relating to stamp duty or registration dues, be as valid as if he had been such a Shareholder at the time of the execution of the instrument of transfer, even if the heir or the curator is not himself a Shareholder.
- c) Before entering a transfer made under clause 9.2 (b) in the Share Register or the Register of Debenture Holders, the Directors of the Company may require production of proper evidence of the title of the heir or, in the case of the curator, of the vesting order.

REPORT OF THE INDEPENDENT AUDITOR ON THE SUMMARY FINANCIAL STATEMENTS TO THE MEMBERS OF BLUELIFE LIMITED

Opinion

The summary financial statements, which comprise the summary statement of financial position as at 30 June 2020, the summary statement of profit or loss, summary statement of comprehensive income, summary statement of changes in equity and summary statements of cash flow for the year then ended, are derived from the audited financial statements of BlueLife Limited (the "Company") and its subsidiaries (altogether, the "Group") for the year then ended.

In our opinion, the accompanying summary financial statements are consistent, in all material respects, with the audited financial statements, on the basis described in the basis of preparation note.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by International Financial Reporting Framework. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon. The summary financial statements and audited financial statements do not reflect the effect of events that occurred subsequent to the date of our audit report on the audited financial statements.

The Audited Financial Statements and Our Report Thereon

We expressed an unmodified audit opinion on the audited financial statements for the year ended 30 June 2020 in our report dated 29 October 2020. This report also includes:

- A Material Uncertainty Related to Going Concern section that draws attention to Note 3 in the financial statements. Note 3 indicates that the Group and the Company incurred a loss of Rs. 274,159,638 and Rs. 195,879,892 respectively for the year ended 30 June 2020 and as at that date, their current liabilities exceeded their current assets by Rs. 737,426,740 and Rs. 91,428,649 respectively. As stated in Note 3 of these financial statements, these conditions along with liquidity challenges in conjunction with, and exacerbated by external factors in the economic environment in which the Company operates as a result of COVID-19 pandemic impacting the entity's core business of marketing, building and selling developments, indicate the existence of a material uncertainty which may cast doubt on the entity's ability to continue as a going concern. These matters are however not addressed in the summary financial statements and would require the reader to refer to the full financial statements for that year for additional information.
- The communication of other key audit matters.

The audited financial statements and the summary financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the audited financial statements.

The financial statements and thus the summary financial statements for the year ended 30 June 2020 includes corresponding numbers for two earlier periods and some of these numbers were restated in the 30 June 2020 financial statements. The corresponding numbers were audited by BDO Ltd and they expressed an unmodified audit opinion on these financial statements in their reports dated 30 September 2019 and 21 September 2018 respectively.

**REPORT OF THE INDEPENDENT AUDITOR ON THE SUMMARY FINANCIAL STATEMENTS
TO THE MEMBERS OF BLUELIFE LIMITED**

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements on the basis described in the basis of preparation note.

Auditor's Responsibility

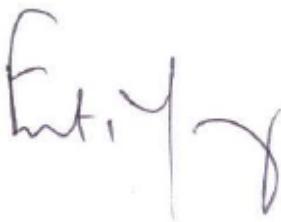

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810 (Revised), Engagements to Report on Summary Financial Statements.

Report on other legal and regulatory requirements

Independent Auditor's Review Responsibility

Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared in all material respects with the basis of accounting described under the basis of preparation note.

Emphasis of Matters

REPORT ON THE FINANCIAL SUMMARY (CONTINUED)

Going Concern

We draw attention to Note 16.2 in the financial summary, which indicates that the Group and the Company incurred a loss of Rs. 111,710,989 and Rs. 69,429,251 respectively for the period ended 28 February 2021 and as at that date, their current liabilities exceeded their current assets by Rs. 465,555,993 and Rs. 148,448,734 respectively. As stated in Note 16.2 of this financial summary, these conditions along with liquidity challenges in conjunction with and exacerbated by external factors in the economic environment in which the company operates as a result of the COVID pandemic impacting the entity's core business of marketing, building and selling developments indicate the existence of a material uncertainty which may cast significant doubt on the entity's ability to continue as a going concern.

Basis of preparation

The interim financial information has been prepared on a historical cost basis, except for investment properties which are carried at fair value, and the information is prepared using the recognition and measurement principles of International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) but the information itself does not comply with IFRS. The interim financial information has been prepared using consistent accounting policies as the financial statements prepared at year end. However, the Directors have furnished only the statements of financial position, the statements of profit or loss and other comprehensive income, the statements of changes in equity and the statements of cash flows for the Group and Company as they are not required to issue a full set of financial statements in terms of presentation or disclosure requirements as required by IFRS or IAS 34. Further, in accordance with the requirements of the Securities (Public Offer) Rules 2007, no comparative information have been provided in the statements of profit or loss and other comprehensive income and statements of cash flows. The interim financial information is presented in Mauritian Rupees ("Rs").

16.2 Going Concern Note

The Group and the Company incurred net losses of Rs. 111,710,989 and Rs. 69,429,251 respectively for the period ended 28 February 2021 and has a net current liability position of Rs. 465,555,993 and Rs. 148,448,734 respectively as at 28 February 2021.

The Company is the holding company of multiple subsidiaries, all based in Mauritius, that comprise the BlueLife group (the "Group"). The Group's principal activity is that of property development and the continued viability of this activity is predicated on the development and sale of investment properties, utilising development scheme initiatives made available to the private sector by the government. The key risks and dependencies of this activity are therefore the continued sale of properties to either foreign investors or on the local market. The Group has a considerable quantity of lots available, at varying stages of development, which has the potential to generate significant revenues and profit over the next 10-15 years.

As the branding and selling of investment properties are dependent on the physical presence of prospective investors in Mauritius, the advent of the COVID-19 pandemic has placed considerable pressure on the Group's ability to realise sales in the short term, and given the current trend, it is believed that this pressure will continue until 2023. Additional risks, exacerbated by the global pandemic, include downward pressure on property prices as the supply of properties under special schemes in Mauritius outweighs the current demand. Management believes that the Group brand offering provides the Group with an edge over its competitors. Current property developments forecast over the next three years will also realise sufficient cash flows to allow the Group to incur strategic capital expenditure, which is considered key in creating value to sell a particular part of their future property development, however this is dependent on the re-opening of the borders. Cash flows should also be sufficient to partially cover continued overheads of the group but there are other initiatives which will be required to meet the liquidity needs to the entity operationally and to meet the obligations of the group which will materialise over the current and next year. The Group had initially forecasted for receipts from the sale of villas, but this has been delayed due to the continued impacts of COVID and the second lockdown in Mauritius, and resulted in the Group having to manage its expenditure on development. Thus, the Group had to use the available bank facilities to finance its operations. This rights issue and other funding initiatives currently being examined by management will reduce the dependence on the bank facilities. Inflows from the sale of villas are expected in as from early FY22.

A secondary source of revenue of the Group is in the Hotel Operations sector. The Group currently operates two hotels, one of which is located at the heart of the property development that is Azuri. The hotels have been particularly impacted by the global COVID-19 pandemic, and until the borders re-open, they will continue to make losses. It is noted that the hotels have associated themselves, through a hotel management agreement, with a leading global hotel brand name. This strategy has resulted in the hotels being able to take advantage of the leading hotel global customer network and, through significantly improved occupancy rates, the hotels have reflected improved financial results, up until the outbreak of COVID-19, indicating their ability to meet their obligations without further assistance or support from their shareholders or financial institutions. It is expected that this situation will bounce back rapidly once the border re-opens and tourism returns to normal levels.

The hotels are indebted with various banking institutions and the Company has provided corporate guarantees against these loans. Management has availed themselves of all possible forms of assistance in order to mitigate the risks associated with the loan liabilities, including: agreed loan moratoriums with the banks, wage assistance schemes available from the government, various austerity measures to keep costs to a minimum during the crisis, and the possibility of availing themselves of a government-devised economic stress relief fund.

Management considers that at least one of the hotels is strategically important to their core investment property strategy, as the integrated resort scheme village which has been created needs to offer a holistic service and facility offering to residents and tourists alike. Revenues therefore generated by hotel operations, whilst important in value annually, are not considered as core to the group's strategy. Management has resolved to dispose one of the hotels considered not to be strategically important and has already received a promising offer which is being finalised.

Other segmental sources of income to the Group are derived from commercial sales or rentals and from facilities and maintenance revenue from existing residents of the village. Amounts generated from these sources, whilst contributing to profitability, are not considered significant to the overall business of the Group.

Management has also undertaken to and is in the process of, as part of their strategy, disposing of non-core activities of the Group. Many of these disposals are advanced with a higher probability of cash flow whilst others still require offers to be received. For some properties, the sale has already been completed where the funds have been used to repay some debts of the Group. Management has been actively managing the cash flows relating to property development matching the timing of development expenditure with expected inflows from sales whilst recognising that some development must continue in order to attract inflows/investors. The largest shareholder has also provided a letter of support to the extent of its shareholder's loan of Rs 200 million plus accrued interest thereon. Management has also secured extensions on some facilities and continues to engage with financiers as the events relating to COVID continue to play out. In addition, management is considering other initiatives and possible capital raising measures to support the entity up to FY 2023 and in discharging the arising obligations relating to the hotels as discussed above. Management is working towards a right issue of Rs 300 million, where two shareholders, namely IBL Ltd ("IBL") and Actis Paradise Jersey Limited ("Actis"), representing 70.05% of the share capital of the Company, have confirmed to the Board their intention to subscribe to the Rights Issue at the level of their respective shareholders' loans in the Company and realise a further net cash inflow depending on the amount subscribed by the other shareholders in the context of this right issue. . All the necessary approvals have been obtained for this rights issue and the process, as per the Listing Rules in Mauritius, is currently underway.

Further to the above, management is investigating other funding sources that will enable them to accelerate the development of properties and manage their liquidity more effectively which, to date, is being managed through new and available bank facilities. Management believes that the existing facilities available are sufficient but alternative funding is required to maintain the prime strategy of the Group, which is property development.
