COMMENTS

1 Consolidation and Accounting Standards

The abridged financial statements for the quarter and half year ended 30 June 2023 are unaudited. The accounting policies and standards used in the preparation of these abridged unaudited financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2022.

2 General Comments

The growth of tourist arrivals for the second quarter 2023 followed that of the first quarter in all of our main destinations, allowing Mauritius and Seychelles to close the gap with 2019 arrivals. Thus, the second quarter 2023 saw growth of 30.6%, 8.9% and 7.4% for Mauritius, Maldives and Seychelles respectively when compared to that of 2022.

3 Results

The performance for the semester of 2023 was good overall. The combined Owned and Managed hotels' occupancy reached 79.9% (June 2022: 70.5%) with an improved RevPAR and TRevPAR of MUR 14,909 (June 2022: MUR 12,412) and MUR 24,534 (June 2022: MUR 21,193) respectively.

Group revenue totalled MUR 2,969 million (June 2022: MUR 2,495 million) generating an improved EBITDA of MUR 954 million (June 2022: MUR 740 million), resulting from high occupancies in Mauritius mainly and favourable exchange rates.

Despite a significant drop in our borrowings from MUR 5.7 billion to MUR 4.7 billion since June 2022, finance costs for the period remained higher than last year's first semester, at MUR 377 million (June 2022: MUR 295 million) as a result of the successive interest rate hike decisions since June 2022.

Share of profit from associates, arising mainly from positive contributions from our operations in the Seychelles and Madagascar, amounted to MUR 91 million (June 2022: MUR 65 million). The net effect is nevertheless reduced by MUR 12 million following the deemed disposal of an investment in associates.

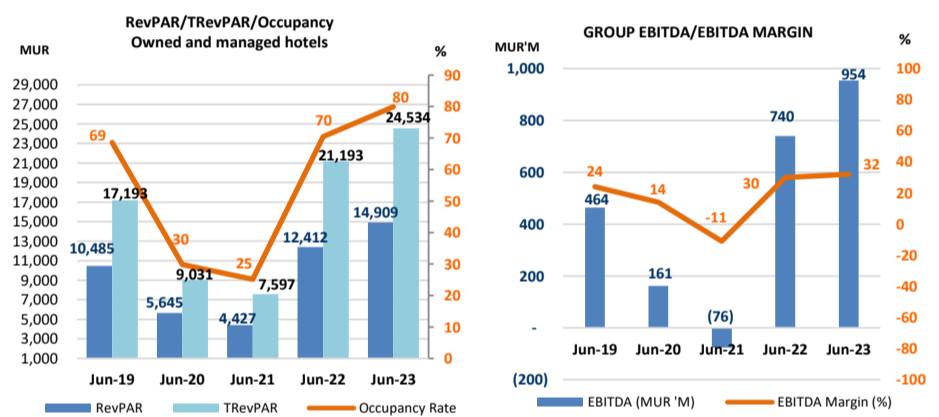

After accounting for taxation of MUR 45 million (June 2022: MUR 21 million), the Group profit for the first semester 2023 was MUR 297 million (June 2022: MUR 178 million).

4 Outlook

Tourism continues to face some challenges due to geopolitical tensions, high worldwide inflation and increase in interest rates.

Nonetheless, tourist arrivals continue to grow further and we foresee a strong year for our hotels in Mauritius, Seychelles and Madagascar. Our performance in the Maldives will remain subdued as fierce competition and slow recovery of the Asian source market have an impact on occupancy. With bookings in hand for the rest of 2023 and provided that there is no deterioration in the economic conditions, we should post good results for the year 2023.
