## **SALE OF AIRCRAFTS**

The Administrators of Air Mauritius Limited (the “Company”) would like to apprise the stakeholders about the decision to sell certain aircraft of the Company.

The decision to sell has been taken in view of the fleet rationalization exercise being undertaken by the Company. Given the current context, with no commercial operations and no visibility as to when normal activities will resume, these aircraft are no longer required and it is not possible for the Company to sustain the operating costs associated with these aircraft.

An eventual sale of these aircraft would contribute to the cashflow of the Company to assist the Company in meeting its other obligations in the short term.

The stakeholders will be informed of further developments.
