Financial Review

Rental income during the quarter was lower than a year previously because the property at Pailles became vacant at the start of the period. At the same time, Operating Costs increased as a result of maintenance works carried out at GBBP and fees relating to new office lettings. Other expenses, both Administrative and Finance related, remain relatively steady but the impact on profitability of the loss of rental was significant.

Operational Review

The main focus for Management is to find a solution for the vacant property at Pailles and a number of options are being investigated. Occupancy levels are increasing at GBBP with renewed interest in office suites as the Mauritius border re-opens. The tenant at GRNW is well established and a program of capital works is ongoing to improve the overall quality of the building.
