NOTES:
The unaudited condensed financial statements for the nine months ended 30 September 2021 are prepared in accordance with International Financial Reporting Standard and on the same basis as the accounting policies set out in the audited statutory financial statements for the year ended 31 December 2020.

RESULTS
Group revenue for the first nine months stood at Rs990.6M as compared to Rs992.4M for the same period last year and with a loss after tax of Rs54.1million as compared to a loss after tax of Rs31.8million prior year. Profitability was mainly impacted by lower sales volume in our beverage category although partly offset by an improved performance in our food category, the depreciation of the Mauritan Rupee against major currencies and by one off severance costs. Additionally, the Government Wage Assistance Scheme was limited to one month in 2021 compared to three months in 2020.

The Overments wage Assistance streams was minied to the minimum in 2021. Compared to three monitors in 2020.

PROSPECTS

Current business environment remains volatile. However, the Group expects a gradual recovery and improved performance in the last quarter, following the full opening of borders as from October 2021.

The Group will continue to reinforce health and safety measures, adopt a cost reduction approach, focus strictly on cash and liquidity whilst expanding beyond the core with new growth opportunities.
