The SEMDEX reaches a new all-time high

The main index of the Stock Exchange of Mauritius, the SEMDEX, reached a new all-time high at market close today, reaching 2,326.70 points. The last all-time high of the SEMDEX dates back to 19 March 2018, when the index closed at 2,308.39 points.

The SEMDEX's new record stems, amongst other reasons, from the good results published recently by a number of listed companies.

Today's trading session was characterised by a treble-record, with two other indices of the Official Market, the SEMTRI and the SEMTRI-ASI, also closing at new all-time highs of 10,299.13 points and 9,417.25 points respectively.
